**POSTAL EMPLOYEE RETIRES**—Luke Benigno, left, is congratulated by Tom Hill, postmaster, as he presents a plaque to him from fellow postal employees on his retirement as Bay St. Louis supervisor of operations. Benigno retired on Jan. 3 after 37 years of service. (Staff photo by Ellis Cuevas).

## Bay police arrest five residents in connection with harrasing calls

BY DENA BISNETTE

Five Bay St. Louis residents, including two juveniles, have been arrested on charges connected with harassing telephone calls.

According to Acting Bay St. Louis Police Chief Murray Ladner, John D. Green of 219 Boardman Avenue turned himself in at the Bay St. Louis Police Station Thursday.

Virgil Dahl of Rt. 4, Bay St. Louis, and two juveniles were also arrested Thursday.

Arrested Friday was Jeanine Marie Baker of 215 Boardman Avenue, who also turned herself in at the police station.

The arrests were made by Bay Police officer Rita Blaise and Investigator Joe Pica.

Green, Dahl and the juveniles are charged with making obscene and harassing telephone calls to Denise DeGeorge of Bay St. Louis. Green is also charged with extortion.

Baker has been charged with conspiracy to commit a felony. Bond was set at \$2,000 for Green and \$1,000 each for Dahl and Baker. All three have been released and will appear before Judge Joseph Benvenuti at a Jan. 16 preliminary hearing.

The juveniles have been released in the custody of their parents. The police department was assisted in its investigation by the security department of South Central Bell.

**RETIRED POSTAL EMPLOYEES**—Bay St. Louis postal employees held a party Friday in honor of Luke Benigno, who retired on Jan. 3 after 37 years. The employees also presented plaques to recent postal retirees from right, Eddie Marquez, Warren (Buck)

Marquar, Evan Pucheu, and Benigno. Linda Lacoche was chairman of the party held at the Bay St. Louis American Legion Home and Tom Hill, Bay postmaster presented the plaques. (Staff photo by Ellis Cuevas).

## Telephone Pioneers donate van

Mississippi State Penitentiary Corrections Commissioner Morris Thigpen accepted the keys to a van presented to the department by Hugh B. Sisson on behalf of the Mississippi Chapter of the Telephone Pioneers of America.

He accepted on behalf of the prison's Project Aware program.

"The gift of this van indicates their concern for the future of the youth of our state; particularly to educate youth concerning the dangers of drug abuse. This vehicle will facilitate Project Aware's efforts to reach more young people through its drug awareness program," Thigpen said.

Project Aware, which began in 1979, is a youth assistance program. By relating their personal experiences, a group of specially-trained inmates speak with authority to youth concerning the problems caused by drug and alcohol abuse—particularly, how it at times leads to criminal acts; a consequence, the Project Aware participants are quick to point out, resulted in their imprisonment.

The Telephone Pioneers of America, a social/industrial organization comprised of telephone employees. "Kids against Drugs" is

one program by the Mississippi group; and in an effort to continue this drug awareness theme, the Mississippi Telephone Pioneers have joined forces with the state prison's Project Aware program.

The van, sporting a new coat of paint donated by Capitol Paint and Body Shop of Jackson, is scheduled to be pressed into action immediately. The Mississippi Telephone Pioneers serving as a liaison between Project Aware and schools across the state will assist Project Aware in the scheduling of tours in a stepped up program to tell Mississippi's youth the story about substance abuse.

Coincidental with the presentation of the van, the Pioneers also presented jackets to be worn by the program members.

In receiving the jackets, Commissioner Thigpen stated, "It is important for concerned citizens to take an active role in solving important social problems such as alcohol and drug abuse, both of which are often underlying factors in our state's crime rate. This gesture shown by the Mississippi Pioneers indicates not only their concern but a demonstrated willingness to help others. Such dedication is gratifying to me personally."

"We look forward to working in cooperation with the Pioneers in an expanded effort to educate our youth concerning substance abuse," he concluded.

### CARD OF THANKS

The Bay St. Louis Fire Department wishes to thank each and everyone for generous and wonderful support towards the Hancock County Doll and Toy Fund in 1984. New and old toys came to us from individuals, businesses, and even NSTL, along with cash contributions which helped to make this our most successful year in providing a happy Christmas for so many boys and girls.

Special thanks go to the United Way of Hancock County and all of its

contributors. More than half of our cash funds are supplied by them for the purchase of toys.

In preparing many donated toys, firefighters and several senior citizens spent many hours getting the used ones ready for the toy shop, and we wish to congratulate them also on a job well done.

Hancock County Doll and Toy Fund  
Bay St. Louis

## McNeil man arrested for check forgery

A McNeil man has been arrested on charges of attempting to pass about \$1,000 in forged checks in Hancock County.

Hancock County Sheriff's Department Investigator Delbert Seay said Dwight Lott, 34, was arrested Wednesday and is being held in the Hancock County Jail on \$10,000 bond.

He said Lott is charged with five counts of forgery. Seay and Deputy Nathan Hoda made the arrest.

## Aldermen open 1985 with brief meeting

The Waveland Board of Aldermen conducted its first meeting of 1985 Wednesday night.

The board met briefly to discuss a bid on maintenance for a city water tower near Water Tower Shopping Center on US-90 and decided to keep the bid under advisement until its next meeting.

The alderman also approved the January claim docket and set the next board meeting for Jan. 16.

## News Briefs

### WEIGHT OFF WISELY

If holiday over-indulgence has led to a New Year's resolution to lose weight, sign up for a weight reduction series that will start Wednesday at 9:30 a.m. Conducted by Hancock County Home Economist Darleen Underwood, the series will employ calorie reduction, behavior modification and exercise to help participants lose unwanted weight and maintain the goal weight reached. The series will meet each Wednesday for six weeks. There is no charge for the classes. "I only ask that you seriously commit yourself to the program," Underwood said. Reserve a space by telephoning 467-5456.

### NUMBER CHANGED

The Diamondhead Country Club has changed its telephone number to 255-2525, according to Diamondhead Project Manager Robert Barnes. The number was changed when ownership of the country club changed Jan. 1.

## Obituaries

### MALCOLM BABB

Malcolm Babb, 67, Route 4, Bay St. Louis, died Thursday, Jan. 3, 1985 in Bay St. Louis.

A graveside service was conducted Friday at 2:30 p.m. in St. Joseph Cemetery at Rotten Bayou.

Mr. Babb was born in Memphis, Tenn., and was a Protestant.

He is survived by his wife, Mrs. Lessie South Babb; a son, Bill Fuller, both of Bay St. Louis; a daughter, Delilah Fuller of Waveland; a brother, Lloyd Babb of Memphis; three sisters, Gracie Thibault of Abita Springs, La., Margie Thibault of Texas and Betty Thibault of Memphis; and two grandchildren.

Riemann Funeral Home in Bay St. Louis was in charge of arrangements.

### VESTA SELLIER

Visitation for Vesta Sellier, 87, of Route 3, Box 850, Pass Christian, will be Monday, Jan. 7 from 9 a.m. to 10 a.m. Services will be at 10 a.m. at the Reimann Chapel in Pass Christian followed by interment at Little cemetery in DeLisle.

Mrs. Sellier died Saturday, Jan 5, 1985 in Pass Christian. She was a member of St. Stephen Catholic Church in DeLisle and had been a resident of DeLisle for most of her life.

She was the widow of Jules Sellier. Survivors include a son, Harold Sellier of DeLisle; five grandchildren; and nine great-grandchildren.

### WILLIAM A. WATERS SR.

William A. Waters Sr. died Saturday, Dec. 29, 1984 at Mercy Hospital in New Orleans, La. after a long illness.

He was 82. Mr. Waters was born in Bay St. Louis, and lived in New Orleans and Metairie for 65 years.

He was engine foreman for the Illinois Central Railroad for 35 years, until his retirement in 1958.

Mr. Waters was a 32nd degree Mason, and was a member of the New Orleans Scottish Rite Bodies, the Ionic Lodge No. 374 F&AM, the Jerusalem Temple Shrine and Jacques DeMolay Commandery No. 2 Knights Templar.

He was a parishioner of St. Catherine of Siena Catholic Church. Survivors include his wife, Secessia Gutierrez Waters; two sons, Peyton D. and William A. Waters Jr.; a brother, John A. Waters, all of New Orleans; six grandchildren; and seven great-grandchildren.

Masonic services were conducted at 11 a.m. Monday, Dec. 31, 1984 at Lamana-Panno-Fallo Funeral Home, 1717 Veterans Blvd.

Burial followed in Metairie Cemetery.

## Munro elected chairman

The Mississippi Energy and Transportation Board has elected J. Thomas "Tommy" Munro of Biloxi as its new chairman.

Munro, who has served as vice chairman, was elected unanimously at the board's recent meeting. Munro was appointed to the board by Governor Winter in 1980, when the Energy and Transportation Board was established.

The board's responsibilities include transportation planning and coordination, energy development, conservation programs, and all nuclear-related activities in the state.

Munro has long been involved in the energy industry. He serves as president of Munro Petroleum and Terminal Corporation in Biloxi, and he is a current member of the American Petroleum Institute's marketing committee.

He has been president for several years of the Harrison County Development Commission, and was a state senator from 1968 through 1972.

He also has taken a leadership role in several community organizations with past involvement including the Biloxi United Fund, the Jaycees, the Boy Scouts and the Chamber of Commerce.

**OPTOMETRIC CONFERENCE**—Among those attending the 29th Annual Education Conference for Optometrists held recently at the University of Mississippi were, from left, Dr. James Brownlee of Laurel, current president of the Mississippi Optometric Association; Bay St. Louis optometrists Dr. Walter C. Russo

and Dr. M. J. Wolfe Jr.; and Jim Reeves, senior project administrator for the university's Division of Continuing Education. The conference was developed by MOA and was coordinated by Continuing Education at Ole Miss.

**OPTOMETRIC CONFERENCE**—Dr. John E. Hanson of Bay St. Louis was among those attending the 29th Annual Education Conference for Optometrists held recently at the University of Mississippi. The three-day conference was developed by the Mississippi Optometric Association and was coordinated by the university's Division of Continuing Education.

Jan. 14, 7 p.m.

## 'On The 8th Day' to air on WTBS

The far-ranging effects of nuclear war, with its resulting "nuclear winter," is examined by leading experts and scientists in "On The 8th Day" a documentary special making its U.S. television premiere on SuperStation WTBS, Jan. 14 at 7 p.m.

On The 8th Day focuses on the global, ecological and atmospheric consequences of a nuclear holocaust, linking important experiments on these areas to form a computer-model of the world after nuclear war.

The conclusions of scientists interviewed in the program on these new developments bring into question the basis for much of today's military and civil defense plans.

The program offers an extensive look at a "nuclear winter," a condition in which clouds of smoke, dust and fallout from nuclear explosions would infiltrate the atmosphere and block sunlight from reaching the earth.

The northern hemisphere would be plunged into darkness, making it almost too dark to see, even at mid-day. Temperatures would fall drastically and remain below freezing for months, covering the ground in snow and ice.

Even the southern hemisphere would not escape, as monsoon-like winds would blow the thick clouds across the equator, bringing winter to the entire world.

For all practical purposes, agriculture would cease to exist. Any survivors would have to face hunger and starvation. Many species of plants and animals, especially in the fragile tropics, would be lost forever.

On The 8th Day uses research gathered from the space-probe Mariner 9, which recorded a sudden drop in the Martian surface temperature coinciding with dust storms; climatic studies of dust clouds from volcanic eruptions of

Mount St. Helens and El Chicon; reports from a recent investigation that sun-blocking dust clouds, caused by the impact of a meteorite colliding with Earth, brought about the extinction of the dinosaurs some 65 million years ago; and other experiments conducted specifically for the program.

Scientists interviewed in On The 8th Day include Carl Sagan, Professor of Astronomy and Space Sciences, Cornell University; Brian Toon, atmospheric scientist, NASA Ames Research Center; Richard Turco, R&D Associates, Marina del Rey, Calif.; Tom Ackerman, Climatologist, NASA Ames Research Center; and Vladimir Aleksandrov, Director of Climate

Modeling, U.S.S.R., Computing Center for the Academy of Sciences.

Other top experts on the program are Stanley Thompson, atmospheric scientist, National Center for Atmospheric Research; Mark Harwell, ecosystems research center, Cornell University; Michael Kelly, climatic research unit, University of East Anglia (United Kingdom); David Pimentel, agricultural scientist, Cornell University; and Georgiy Skryabin, general scientific secretary, U.S.S.R. Academy of Sciences.

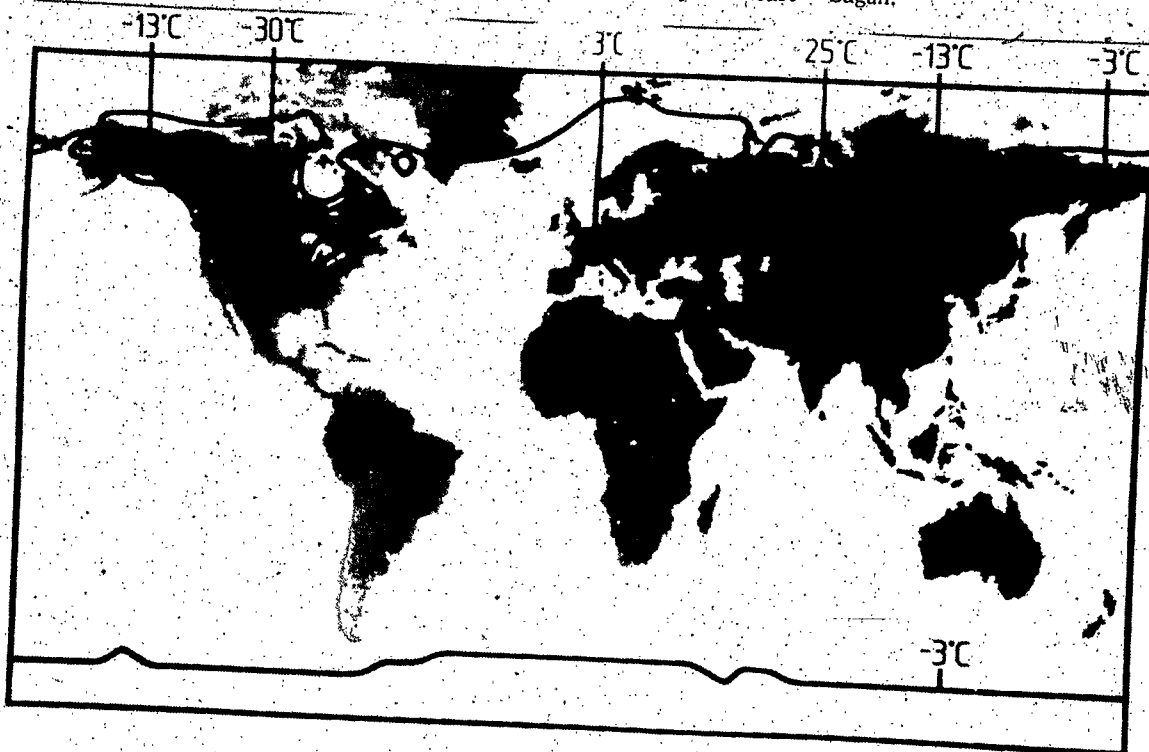

On The 8th Day, narrated by John Hedges and written/produced by Michael Andrews, is a production of The British Broadcasting Corporation, and is distributed by Lionheart

Television.

The program can also be seen Thursday, Jan. 24 at 10 p.m. and Sunday, Jan. 27 at 3:35 p.m.

A special-panel discussion on nuclear war replaces "Freeman Reports: Special Edition" and will air immediately following "On The 8th Day."

The same format will be used for the special panel discussion as set up for "Freeman Reports: Special Edition." The program will present a roundtable discussion with notable American and Soviet scientists, offering solutions and opinions on the probability and prevention of nuclear war. Featuring noted astronomer and physicist Dr. Carl Sagan.

**ON THE 8TH DAY**, a documentary exploring the atmospheric/climate effects of a nuclear war, projects worldwide sub-freezing temperatures following the attack. The program premieres on SuperStation WTBS on Monday, Jan. 14 at 7 p.m.

## Quotables by Cuevas

Many folks are happy with the end of the long holiday season.

Of course many students are not too happy with having to return to school.

Holidays are great and parties are too, but after awhile they get a little tiresome.

People living in our area won't long for holidays too long because the Mardi Gras season is fast upon us with many parades.

Mardi Gras will be on Tuesday, Feb. 19.

The Krewe of Nereids is scheduled to parade on Feb. 10 followed by the Krewe of Real People and Krewe of Triton Feb. 19.

Diamondhead's Land and Sea Parades, Krewe of Kids, and several other parades will also be on tap in between.

There are many Carnival Balls on tap before Mardi Gras Day.

We know it is a little late, but we would like to congratulate business and commercial winners of Christmas decorations contests.

There were many individuals and businesses who decorated this past Christmas Season and each of these should be also commended.

Through the efforts of so many, the United Way of Hancock County has again reached its goal.

There are many people who work very hard for the United Way and it takes the efforts of everyone for the community organization to work as well as it does.

Conrad Mauffray, executive director of the United Way, said Friday the 1984 campaign has reached \$45,125, going over its goal by \$125.

This is the second year in a row for the local United Way to go over its goal and Hilda Bourg, campaign chairman for 1983-84 had a lot to do with its success.

Bourg, campaign chairman the second year in a row, should be congratulated on her efforts.

We talked to Hilda on Friday and she said, "The cooperation of everyone is the main reason we have been successful in going over our 1984 goal."

"The many businesses offering payroll deductions to employees, the Combined Federal Campaign, individual donations, corporate donations, it all adds up and I want to personally thank each and everyone," Bourg said Friday.

We too, having been involved with the United Way for so many years, want to express a sincere thanks to everyone for their help.

## Tommy Tune, Twiggy promote lung health

For 18 months, Twiggy and Tommy Tune delighted Broadway audiences with their tap-dancing wizardry in the smash musical hit "My One and Only."

The two stars now are appearing on television for the American Lung Association and the Mississippi Lung Association—in public service announcements in which they talk about another "one and only"—lungs.

The nationwide television spots, now premiering across the country, give a sampling of the fancy footwork of the multi-talented stars. In the TV spot, Tommy asks Twiggy to "Take care of your lungs—so we can go on dancing forever."

The dancing duo know that lungs are a most vital organ only one pair in a lifetime.

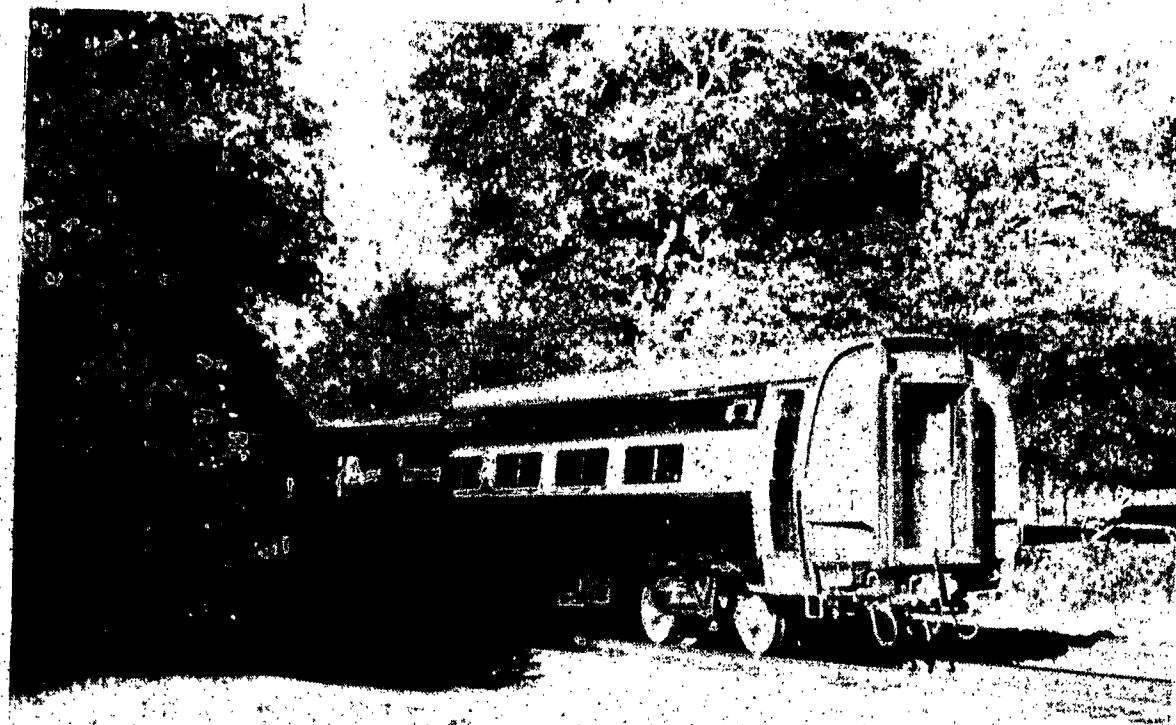

A dancer, actor, director and choreographer, the long and lanky

Tune has garnered four prestigious Tony Awards for his diversified skills both on and off Broadway.

Dancing partner Twiggy, who gave up a successful modeling career to break into the world of performing, has appeared in numerous films and starred in her own television series.

Tommy Tune and Twiggy join the ranks of such noted celebrities as Morgan Fairchild, Sid Caesar, and Pearl Bailey, who have supported the Lung Association's campaign for good lung health by saying, "Take care of your lungs. They're only human."

For help in quitting smoking or for advice on the control and prevention of lung disease and air pollution, contact the Mississippi Lung Association, P.O. Box 9806, Jackson, Ms 39206 or phone 362-5453.

LAST RUN—Amtrack's Gulf Coast Limited may make its last run today through the City of Bay St. Louis and others between New Orleans and Mobile. Many local officials are hoping Mississippi's Legislature will appropriate some \$300,000 towards continuance of the train which began with the World's Fair. On Saturday the last coach winks behind the low hanging limbs of an evergreen oak on the Bay City Hall grounds. (Staff photo by Ellis Cuevas).

## DAV commander blasts Treasury Department benefit tax effort

Though President Reagan promised not to raise taxes in his 1984 campaign, he will hike the tax burden of veterans disabled in military service if his Treasury Department gets its way, according to Disabled American Veterans' national headquarters in Cincinnati, Ohio.

The proposed tax on service-connected disability compensation would follow a freeze on cost-of-living increases in these benefits.

"Besides the obvious irony of this plan, it carries a double economic blow to America's disabled veterans," said Chad Colley, national commander of the 908,000-member DAV.

"It's a devastating attack on our country's moral obligation and historical mandate to compensate veterans who were wounded or suffered prolonged illness as a result of defending our country," said Colley, who lost both legs and an arm in the Vietnam War.

"Veterans who lost their sight, arms or legs, or mental wellbeing are being told their sacrifices in war aren't worth paying for in times of peace."

The DAV views the White House proposal as an attempt to overturn a law written to reflect the nation's commitment to those who have fought—and sacrificed greatly—to keep America and her people free.

"Our country's people will not renounce that commitment any more than they will renounce their freedom," Colley stated.

A comparison between what veterans receive in compensation for disability to what the courts are awarding for similar disabilities resulting from industrial accidents or negligence bears out how conservative the VA service-connected disability compensation is.

"The fact is that veterans' disability compensation is paid at a rate that reflects a basic level of a veteran's economic loss as a result of his or her condition suffered in military service," the DAV's national leader explained.

"For example, a Korean War veteran who was stabbed in the eye

by a Chinese bayonet is paid about \$250 a month in Veterans Administration benefits for his subsequent blindness. If a private citizen lost his sight through an industrial accident, chances are he would receive millions more in compensation awarded in the courts.

"Now the Reagan Administration proposes to twice reduce the veteran's compensation through a freeze on cost-of-living increases and taxation. The plan is nothing less than an immediate and enduring cut in compensation levels," said the DAV commander.

"So one veteran's blindness, for example, becomes an inevitable cost of war—a cost upon which the White House would apparently like to default. How much more does the White House expect disabled vets to pay as their share of the cost of war? They've paid immensely more than other citizens already, and now they're being asked to pay more!"

Colley vowed that the Disabled American Veterans would battle the White House proposal at every step of the legislative process. The association of wartime disabled vets sees any tax on VA disability compensation as totally unacceptable, and it's gearing up its more than 900,000 members for a counter attack.

"Since the birth of our nation," said Colley, "Americans have prided themselves on fulfilling the promises made to veterans when they were called to arms. That's particularly true when it comes to veterans who were disabled as a result of answering that call. This is an unbroken commitment that's been codified by law, defended by the nation's citizenry, and held up as a model for all the world's free people."

"To permit such a solemn commitment to be broken now places a disproportionate share of the burden for deficit reduction on America's 2 1/4 million disabled veterans. But what's worse is that this broken promise would strike directly at the heart of what made this nation great."

Lungs are for laughing and talking, running and walking, for inhaling precious life-giving air thousands of times a day.

Lungs aren't meant to lose their elasticity so that every breath exhausts you.

Their airways aren't meant to tighten up so you gasp for air. They're not meant to collect cigarette tars that cause cancer and emphysema.

Yet that is what is happening to one out of four Americans who suffer from chronic or acute respiratory illness...and to the 240,000 people who die each year from lung disease.

The Mississippi Lung Association is committed to improving your respiratory health and the health of your family, friends and neighbors.

While it is tragic that so much lung disease is entirely preventable, it is also our reason to hope. We know we are making a difference.

We are helping thousands of Mississippi youngsters resist the temptation to smoke.

We are helping Mississippi adults to "kick the cigarette habit."

—We are alerting pregnant women about the health risks of smoking to their health and the health of their unborn child.

—We are teaching youth and adult asthma victims to control their illness.

—We are helping chronic obstructive lung disease patients.

—We are supporting medical education programs for advanced pulmonary training.

—We are supporting research programs in Mississippi for causes and cures of a wide range of lung problems.

Founded in 1914, the Mississippi Lung Association today leads the battle against more than 30 lung diseases.

The patient services, medical research and educational work of the Mississippi Lung Association can be supported by all of us through contributions to the annual Christmas Seal campaign.

Through Christmas Seals, we can help reduce the terrible consequences of major lung diseases and their related causes.

## Reduce your taxes. Support the American Heart Association.

By supporting the American Heart Association you may:

- reduce current and future income taxes
- avoid capital gains tax on appreciated securities or other property
- provide a lifetime income for yourself or beneficiaries
- avoid probate and publicity
- maximize new estate tax savings

It may pay you to inquire about the American Heart Association's Planned Giving Program by contacting your local American Heart Association.

WE'RE FIGHTING FOR YOUR LIFE

## News From The Governor's Office

Gov. Bill Allain

As the temperatures drop and the winter months approach, I would like to make you aware of a program that aids many Mississippians with their winter heating bills. But so many more of our citizens, especially our senior citizens, could qualify for the program and do not apply.

The Low Income Home Energy Assistance Program, operating through the Governor's Office of Federal-State Programs, provides appropriate and timely assistance to eligible households to offset the rising costs of home energy.

In these days of rising utility costs, all Mississippians are struggling to pay their bills, but those living on fixed or depressed incomes are having the most difficult time. This program is designed to help those people.

The amount of assistance to a family depends upon family size, income, geographical location of home, type of fuel used by household, and average cost of heating throughout the state.

Eligibility is based on income being equal to or less than 125 percent of the Office of Management and Budget Guidelines. Priority for this program is given to the elderly and handicapped.

According to the 1980 Census, there are approximately 260,000 households that are potentially eligible for assistance under the Low Income Home Energy Assistance Program. But less than 30 percent of the eligible homes are being served. The program is 100 percent

federally funded and costs the State of Mississippi nothing.

In 1984, 84,000 Mississippi households, accounting for 294,000 individual people, were served by the energy assistance program. That many of our neighbors did not have to be cold last winter; hopefully, we can help even more Mississippians next year.

Of the people served to date, 30 percent are elderly; 11 percent are handicapped; 53 percent have a total combined income less than \$4,000; 80 percent have a total combined income less than \$6,000; and 92 percent have total combined income less than \$8,000.

The average payment made to any household was \$149 annually. In order to serve more households within the available money, the payments are one time per household per year.

I am acquainting you with this program for two reasons. First, if you think you might qualify, please contact the Governor's Service Line toll free at 1-800-222-7622 or the Governor's Office of Energy and Community Services in Jackson at 354-6099.

Secondly, please take advantage of this holiday season to decide if you can afford to contribute a small amount to this type of program, so fewer Mississippians will be cold this winter. Most of our utilities are doing an excellent job in helping promote these contribution programs, and in helping unfortunate Mississippians keep warm.

## SBA

U.S. Small Business Administration

### Focus on Small Business

By Dorothy A. Overal  
Public Information Officer  
Biloxi Branch Office

Q: I understand the U.S. Small Business Administration will assist a minority business in obtaining government contracts through a program called 8(a). Who can qualify?

A: Section 8(a) of the Small Business Act authorizes SBA to enter into contracts with other federal agencies to supply goods and services those agencies need.

SBA then subcontracts the actual performance of the work to small businesses owned and controlled by socially and economically disadvantaged individuals.

The objective of the 8(a) program is to assist eligible firms to become independently competitive.

To become eligible for 8(a) program participation, a small business concern must be at least 51 percent owned and controlled by socially and economically disadvantaged individuals.

By law, members of certain minority groups—including Blacks, Hispanics, Native Americans and many Asian-Americans—are considered to be socially disadvantaged.

To qualify for 8(a), such minority business persons must individually show they also are economically

disadvantaged.

Other persons must show individually that they are both socially and economically disadvantaged.

There are more than 2,500 firms in the 8(a) program today. In the fiscal year just ended, SBA directed more than \$2.3 billion in federal procurement to such firms.

If you or your firm would like additional information concerning the 8(a) program, contact your local SBA office at 111 Fred Haise Boulevard, Biloxi, MS or telephone 435-3676.

#### LETTERS POLICY

The Sea Coast Echo welcomes comments from its readers on subjects of general interest. Letters must be signed and include address or phone number so that the sender can be contacted by the newspaper if necessary. Letters should be brief, preferably typewritten and double spaced, and conform to standards of good taste. Letters of thanks and expressions of appreciation are considered inappropriate for the Letters To The Editor column.

## Public Safety Commission submits \$33 million-plus budget for Fiscal 1986

The replacement of worn-out enforcement vehicles, 17 additional employees and funds for a cadet school are included in the budget request submitted to a Joint Legislative Budget Committee recently by Commissioner of Public Safety James L. Roberts Jr.

Appearing before the 10-member committee, chaired by House Speaker C.B. (Buddie) Newman, Roberts requested more than \$33-million for fiscal year 1986 to fund the Department of Public Safety.

The budget request is \$3.5-million higher than the 1985 budget appropriation.

"Appropriations to purchase replacement Highway Patrol vehicles have not kept pace with the rising cost of automobiles," the commissioner told the committee.

"Our appropriations for fiscal years 1984 and 1985 were approximately the same as they were in fiscal years 1977 and 1978."

"During those years we could purchase a vehicle for \$5,500; yet in fiscal 1985, a replacement vehicle will cost \$9,800. Estimates for fiscal 1986 are that automobile costs will exceed \$10,000 per unit."

"We have had to increase our trade-in mileage from 60,000 miles to 180,000 to 120,000 and 140,000 miles in fiscal 1985."

"Our records show that we will have in excess of 200 vehicles that will reach 95,000 miles during fiscal 1986 which begins July 1, 1985," Roberts said.

The commissioner said the Mississippi Highway Patrol has had three troopers to lose their lives in the line of duty in the last three years.

"Driving... high-mileage, dilapidated vehicles while enforcing the laws on our state and federal highways is an additional threat to their safety," Roberts said.

Roberts heads the Department of Public Safety which encompasses the Highway Patrol, the Mississippi Crime Laboratory, the Mississippi Law Enforcement Officers' Training Academy and the Mississippi Bureau of Narcotics.

This was his first appearance before the Joint Legislative Budget Committee since becoming commissioner in January 1984.

"Implementation of recently enacted legislation has resulted in a substantially increased workload for our personnel."

"We need additional clerks to handle the paperwork generated by enactment of the tougher drunk driving law, the photo driver license law, and participation in the missing children and missing persons program."

"The demand by the citizens of our state to curtail drunken drivers

has caused local, county and state officers to mount concentrated efforts in this area."

"In doing this, arrests have increased and are increasing our workload," Roberts told the panel.

"For every \$3 appropriated to the Department of Public Safety and its components, we return \$1 through the issuance of driver licenses, motor vehicle reports, motor vehicle inspections fees, etc.," the commissioner said.

In submitting the 10 percent salary reallocations request for agency employees, Roberts expressed his concern regarding the low pay offered state troopers who are promoted.

"We have found that officers are no longer financially able to transfer for a promotion simply because there is not enough difference in salary."

"In fact, in most cases, an officer with a family would lose money by transferring from one of the nine patrol districts to another," the commissioner said.

He used a similar example in his request for higher salaries for cadets who train to become state troopers.

"For us to attract the caliber person our citizens deserve to have enforcing our laws, we should certainly be able to raise the salary of trainees from \$565 to \$900 per month during the 14-week training cycle. By comparison, recruits in training with the Jackson Police Department are paid a monthly salary of \$1,139," he said.

A newly commissioned Highway Patrol trooper earns \$1,231 per month. A newly commissioned officer with the Jackson Police Department is paid \$1,260 per month.

Roberts was accompanied to the budget hearing by Col. George W. Saxon, assistant commissioner and chief of patrol; Donald D. Ready, director of the Mississippi Crime Laboratory; and Kent McDaniel, director of the Mississippi Law Enforcement Officers' Training Academy.

Ready asked for slightly more than \$1.5-million for the Crime Lab for fiscal 1986.

"This amount would permit us to upgrade pay for Crime Lab personnel, placing their salaries more in line with comparable labs in surrounding states."

"It would also permit the lab to hire three analysts and one clerical employee," Ready told the committee.

"The request regarding salaries is essential to maintain experienced personnel who can complete analyses within the time frame required by submitting law enforcement agencies or imposed by the

courts," the lab director said.

"The request for funds to hire four additional employees will aid in curing a long standing shortage of personnel within the Crime Lab," he said.

The \$1,139,981 budget submitted for the Mississippi Law Enforcement Officers' Training Academy (MLEOTA) includes requests for equipment and additional personnel.

"The three main buildings at the academy have not been expanded since 1966," McDaniel said. "During that 18 years, the training load has quadrupled. Overcrowding in sleeping, eating and classroom areas has begun to adversely affect the quality of student life."

"Overcrowding will eventually cause a decline in the quality of training if corrective measures are not taken immediately," the director said.

The academy is charged with providing training to all full-time municipal, county and state law enforcement officers during their first year of employment.

"Due to the overflow, the academy has had to call upon the Jackson Police Training Academy and the Laurel Police Training Academy to provide about 30 percent of basic law enforcement training since 1983."

"We have a critical need for five instructor relocations, two clerical reclassifications, two new positions for basic training and one restored position," McDaniel said. "The academy staff has been the same size since 1966."

"Approximately 10 years ago the sleeping capacity of the academy was increased by doubling the number of bunks in all sleeping areas. Now almost 200 students are required to sleep in quarters designed for fewer than 100."

"Privacy is non-existent," McDaniel added.

### ETV Briefs

#### MISSISSIPPI WRITER

"PostScripts" interviews Mississippi writer Elizabeth Spencer at 7:30 p.m., Wednesday, Jan. 16, on Mississippi ETV. This half-hour interview was "PostScripts" pilot program and was taped at historic Tullos Manor on the Mississippi Gulf Coast.

Dot Kitchings, a member of the faculty at St. Andrews School in Jackson, interviews Ms. Spencer. Elizabeth Spencer is the author of such works as "Fire in the Morning," "Ship Island and Other Stories," "Light in the Piazza" and "Marilee."

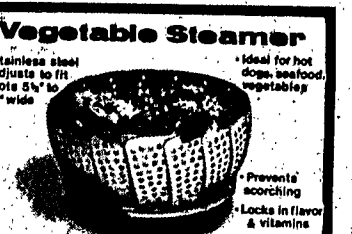

"PostScripts," a production of Mississippi Educational Television.

#### EVIL LOVERS

A three-part adaptation of Hubert Montelliet's novel "Praying Manits" will present on "Mystery" at 8 p.m., Sundays, beginning Jan. 13, on Mississippi ETV.

CAPTAIN Jacques-Yves Cousteau is the leader of Turner Broadcasting's \$6.5 million, seven-hour Cousteau/Amazon series, which explores the largest river system in the world, its natural resources and its people. Son Jean-Michel led the Cousteau team that investigated the devastating cocaine trade in the Amazon, the results of which are uncovered in the seventh hour titled "Snowstorm in the Jungle," scheduled for 7:05 p.m., Tuesday, Jan. 8.

## Point of Law

(Prepared by the Mississippi State Bar. Some rights may vary from locality to locality. Always consult an attorney when in doubt about your legal rights.)

Q: My only child is an alcoholic and I am afraid that when he inherits my property he will sell it all and spend the money on whiskey. I want him to have the property because it can provide him with good support. Is there any way I can guarantee that he won't sell it?

A: Yes. In your will you can provide that this property be held in trust, and that your son have no power or authority to dispose of any part of his interest in the trust. Under this arrangement, called a spendthrift trust, the trustee will manage the property and pay the profits, less a trustee's fee, over to your son.

Then your son cannot sell the property, nor can he sell his entitlement to the profits provided by the management of the property. Of course, this doesn't control your son once the profits have been paid over to him by the trustee.

Q: I want to give a half acre of land on my farm to a church congregation as a place for them to put up a church building. However, I don't want them to keep the land if they don't use it for this purpose. Is there any way I can give them the land but make them give it back if they move the church?

A: You can do even better than that. You can deed it to them "so long as they use the land for church purposes" or "so long as they use the land as the site of a church building." Then, if they ever cease using the land as you have specified, the title will automatically go to you, or your heirs if you are then dead.

## "Snowstorm in the Jungle" to air

Cousteau/Amazon: Snowstorm in the Jungle is an exclusive presentation of SuperStation WTBS and Turner Program Services (TPS).

Cousteau/Amazon: Snowstorm in the Jungle will debut on the Sun. station at 7:05 p.m. Tuesday, Jan. 8. TPS broadcast affiliates will air the one-hour special in the Jan. 9-31 window.

Approximately 76 U.S. television households are expected to receive the seventh hour of the Cousteau/Amazon series for 50 percent total U.S. clearance. The first six hours of Cousteau/Amazon, which aired in spring 1984, cleared

90 percent of U.S. homes.

SuperStation WTBS has a household penetration of 33.1 million homes and Turner Program Services reaches millions more where cable is not available.

Turner Broadcasting's WTBS is the pioneer of the "superstation" concept. In 1976, WTBS (then WTCC) made history as its signal was beamed to cable systems nationwide via RCA's Satcom I satellite. Satcom I was replaced by Satcom III-R in 1982, and, as of Jan. 1, 1985, Galaxy I will be the sole satellite carrying the SuperStation.

As a result of its broad outreach, SuperStation WTBS has generated

substantial revenues that have been invested in original programming for Turner Broadcasting System, such as: Cousteau/Amazon: Snowstorm in the Jungle (and other Cousteau programming), the upcoming action biography of General Douglas MacArthur titled "American Caesar," the ongoing Portrait of America series and the World of Audubon specials.

TBS Sports programming, including live NBA basketball action, Atlanta Braves baseball and exclusive coverage of The 1984 Hall of Fame Bowl college football classic, also lead WTBS's list of original programming.

explores the obstacles law enforcement officials have in controlling the illegal cocaine production in the Amazon for which current methods are only about ten percent effective. The show will be broadcast at 7:05 p.m., Tuesday, Jan. 8.

JEAN-MICHEL COUSTEAU, left, and Peruvian law enforcement officials observe several thousand acres of coca, the plant from which cocaine is derived, before the fields are laid to waste by a special defoliant. Cousteau/Amazon: Snowstorm in the Jungle

#### HEALTH INSURANCE

As medical care costs have increased dramatically in recent years, health insurance has become an economic necessity of life for most families. To get the most for your insurance dollars, consider the following points when purchasing a policy.

#### Shop Carefully

Policies differ widely as to coverage and cost, and companies differ as to service. Contact different companies and compare the policies carefully before you buy. When purchasing health insurance, find out the following:

1. Is the policy guaranteed renewable or may the company cancel the contract?
2. Are the rates guaranteed or can the company change the premiums?
3. What is not covered?

#### Don't Buy More Than Needed

Duplicate coverage is costly and unnecessary. A single comprehensive policy is better than several policies with overlapping or duplicate coverages.

For comprehensive coverage, consider continuing the group coverage you have at work, joining a health maintenance organization if your area has one, buying a catastrophic or major medical policy, or buying a Medicare Supplement policy.

#### Check for Exclusions

These exclusions reduce or eliminate coverage for existing health conditions. Many policies exclude coverage for health conditions you have when you take out the policy.

Don't be misled by the phrase "no medical examination required." If you have had a health problem, the insurer might not cover you for expenses connected with that problem.

#### Beware of Replacing

Be suspicious of a suggestion that you give up your policy and buy a replacement.

Often the new policy will impose waiting periods or will have exclusions or waiting periods for pre-existing conditions your current policy already covers.

On the other hand, don't keep inadequate policies simply because you have had them a long time.

You don't get credit with a company just because you've paid many years for a policy.

#### Maximum Benefits

Most policies have some type of limit on benefits which may be expressed in terms of dollars payable or the number of days for which payment will be made.

#### Right to Renew

Beware of policies that let the company refuse to renew your policy on an individual basis.

These policies provide the least permanent coverage.

State law allows a company to cancel an individual's policy only if all policies of that type are cancelled in the state.

Therefore, an individual's policy cannot be cancelled because of claims or disputes.

Some policies are guaranteed renewable for life. Policies that can be renewed automatically offer added protection.

#### MEDICARE SUPPLEMENTS

Policies to supplement Medicare are neither sold nor serviced by state or federal government.

State insurance departments approve policies sold by insurance companies but approval only means the company and policy meet requirements of state law.

Do not believe statements that insurance to supplement Medicare is a government-sponsored program.

If anyone tells you that he or she is from the government and later tries to sell you an insurance policy, report that person to the State insurance department.

#### Know With Whom You're Dealing

A company must meet certain qualifications to do business in the state.

This is for your protection. Agents also must be licensed by the state and must carry proof of licensing showing their name and the company they represent.

If the agent cannot show such proof, do not buy from that person. A business card is not a license.

Taking an hour off is easy. The difficulty is putting it back.

If you pity rogues, you are no great friend to honest men.

## County Agent's Notes

By Lee Taylor

### Fire Ant Control

Like most insects, fire ant populations are drastically reduced by severe cold weather. However, Hancock Countians won't have that relief this year since weather has been mild.

Fire ant populations will thrive in the warm temperatures and moist soil conditions in the county could pose a serious threat to homeowners and farmers.

Although fire ants can't be eliminated with available chemicals, the population can be reduced by constant effort.

For effective control, mounds must be treated often because the fire ants return once the pesticide is inactive.

The homeowner has a variety of pesticides available that can be applied to the fire ant mound by the drench method.

Amdro is the most popular, but Diazinon, Dursban, Orthene and Sevin are also effective in fire ant control.

Follow the direction on the label and mix the chemical with water. Then drench the mound and a small area surrounding the mound with the mixture. This should inactivate the mound within a week.

### ETV Brief

#### SHAKESPEARE PLAYS

"The Life and Death of King John" is the next presentation on "The Shakespeare Plays" at 9 p.m., Friday, Jan. 11, on Mississippi ETV. Actress Mary Morris is Queen Eleanor, and Luc Owen is Arthur, Duke of Britaine. "King John" tells the story of the ambitious ruler who was determined to hold onto his power at whatever the price.

This season marks the final season of "The Shakespeare Plays" on public television. During the course of the past six years, all 37 of Shakespeare's plays will have been presented.

Although this is a relatively cheap and easy way for homeowners to control fire ants, farmers face a more difficult choice.

These pesticides are expensive if the farmer or rancher has many acres to treat for the pest.

For more information about controlling fire ants on your lawn, gardens or field, contact the Extension office.

#### Pecans Didn't Produce

Every year many Hancock County homeowners wonder why their pecan trees don't produce a crop.

There are several reasons. One is fertilization. Many homeowners don't realize pecan trees are like any other crop and need fertilizer. If you have neglected to fertilize your trees for a long period, that could be the problem.

It usually takes three to five years of fertilizing and other care to bring neglected trees back into production. So don't expect them to start producing immediately even if you fertilize them this year.

Consider the age of your trees. Many varieties don't start producing nuts until they are 12 to 15 years old, so your tree may not be old enough to bear. Generally speaking, pecan trees don't get too old to produce nuts if they are cared for properly.

The saying "If it rains during the first week of May the pecan crop will be short" has some merit since rain may wash away pollen which is needed to produce the crop.

Sometimes the nut is not filled completely. The reason may be that aphids have sucked the leaves and caused them to fall. If you have ever parked your car under a pecan tree and later noticed a sticky substance on the windshield, the problem is aphids.

Several fungus diseases also may prematurely defoliate pecan trees and keep them from producing. For more information about pecan production, call or drop by the Extension office.

**MISSISSIPPI WRITER**—Elizabeth Spencer talks about her work as a writer and reads from her books in the next edition of "PostScripts" at 7:30 p.m., Wednesday, Jan. 16, on Mississippi ETV. Spencer is the author of "Fire in the Morning," "Ship Island and Other Stories," "Light in the Piazza" and "Marlee."

### ETV Brief

#### 'DREAM' SPEECH

"A Day to Remember: August 28, 1963," commemorating Dr. Martin Luther King Jr.'s famous "I Have a Dream" speech, will be rebroadcast at 7:30 p.m., Tuesday, Jan. 15, on Mississippi ETV. It was first seen on ETV in 1978.

The program features a secular cantata, composed by C. Edward Thomas and based on King's speech. The musical work uses the speech as its text and is performed by Philadelphia soprano Joy Simpson, the gospel singers of the Zion Baptist Church and the Bethlehem Lutheran Choir of Minneapolis, the University of Minnesota Concert Band Ensemble and a jazz trio. The cantata, first performed in 1976 at the Kennedy Center in Washington, draws from gospel, jazz, rock and hymnal music.

The program includes archival footage of the civil rights demonstration at the Lincoln Memorial in Washington on August 28, 1963, when King delivered his famous address. It also includes recent interviews with the demonstration's planners and participants.

THREE STYLE gown are made Ballance of Arc Susan Shaw of S

LUNCHE Town of O Louis High Restaurant dresses.

MR. AND MRS. TYRONE DWAYNE NECAISE

Faye Ann Cuevas and Tyrone Dwayne Necaise were united in marriage in a double ring ceremony on December 22 at The Church of Jesus Christ of Latter-day Saints, Waveland, with Bishop Harty Bell officiating.

The bride is the daughter of Mr. and Mrs. Ernest F. Cuevas Jr. of Bay St. Louis. The groom's parents are Mrs. June Cuevas of Dedeaux and Mr. Laurent Necaise Jr. of San Clement, Calif.

Given in marriage by her father, the bride was attired in a formal gown of white cluny lace and satin. The fitted bodice and Queen Anne neckline were adorned with re-embroidered lace and venise lace medallions and cameos. The full lace bishop sleeves featured satin panel inserts from the shoulder to fitted wrists. Her full cluny lace redingote skirt revealed a satin panel. The hemline and semi-cathedral train were trimmed with a lace ruffle. She wore a bridal wreath of silk flowers with pof of silk illusion veiling with streamers to waltz-length.

She carried a cascading bouquet of silk flowers consisting of French white roses and rosebuds, mauve camellias and camellia buds surrounded by green ivy.

Sister of the bride, Lynn Cuevas,

was maid of honor.

Sisters of the groom, Christy Necaise and Krasinda Cuevas, served as bridesmaid and junior bridesmaid, respectively.

Also serving as a bridesmaid was Connie Ladner. Flower girl was Randi Cuevas, niece of the bride.

The attendants' dresses were formal gowns of cranberry taffeta. They each featured a square neckline, puffed, elbow-length sleeves and a sash at the waistline.

Jarrod Necaise, the groom's brother, served as best man.

Groomsmen were Marvin Smith and Jack Hoffman.

Serving as ushers were Donald Cuevas, brother of the bride, and Neal Necaise.

The mother of the bride chose to wear a street-length, loose fitting dress of pink crepe featuring extended shoulders and long set-in sleeves with a front drape pleated at right shoulder and fastening at left shoulder.

The groom's mother wore a suit of gray gabardine with a complementary soft gray blouse and gray accessories.

Nuptial music was provided by pianist Cathy Ginn of Waveland and vocalist Theresa Shiyou of Bay St. Louis.

A reception followed the ceremony

at the Kiln Veterans of Foreign Wars Hall.

On return from a wedding trip to

Orlando, Fla., the couple will reside at Pearl River Junior College in Poplarville.

## Necaise—Cuevas

## Ortiz—Poyadou

LETITIA DAWN ORTIZ

(Photo by Luther Ladner)

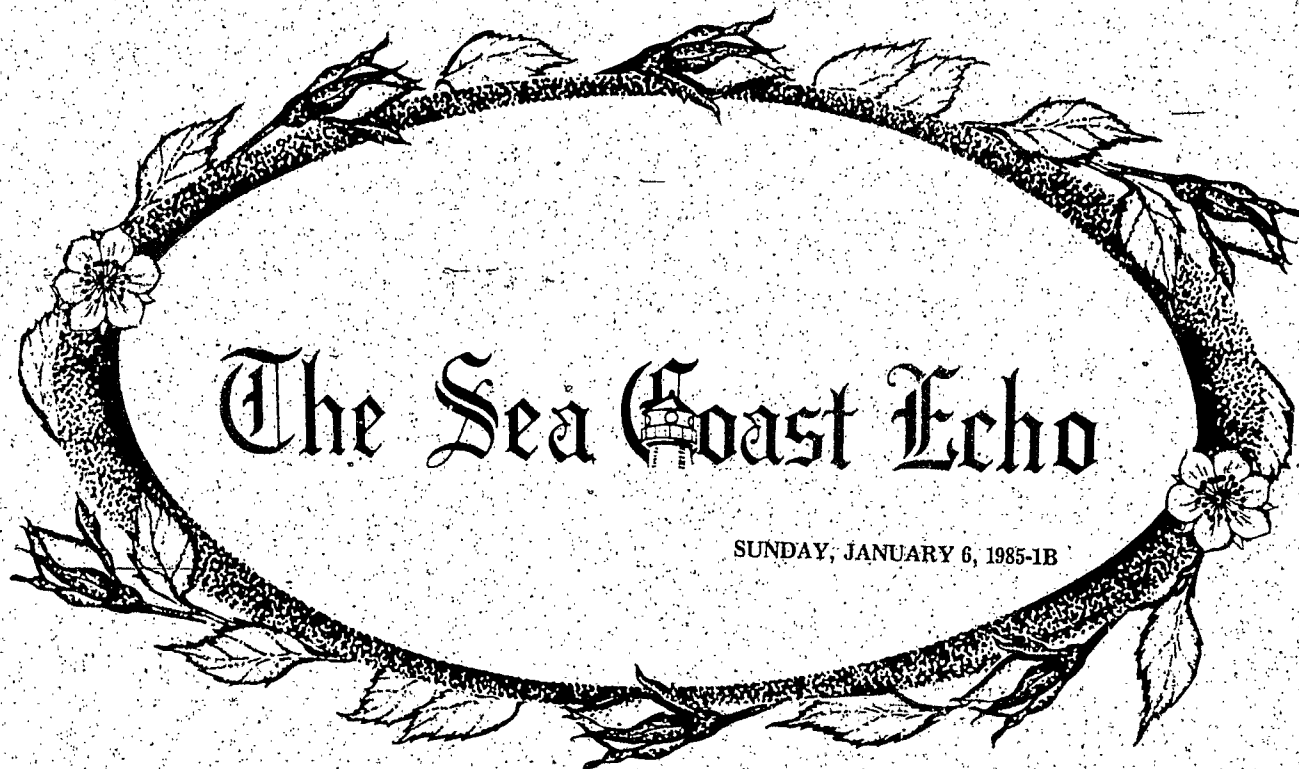

Ms. Dixie Ashman Ortiz of Waveland announces the approaching marriage of her daughter, Letitia Dawn Ortiz, to Rodney Allen Poyadou, son of Mr. and Mrs. Manuel Poyadou of Waveland. Miss Ortiz is also the daughter of David Ortiz of Santa Fe, New Mexico.

Mr. Poyadou is the grandson of Mary Mooney of Hattiesburg, and Mr. Edward Poyadou of Bay St. Louis.

The bride-elect and the prospective groom are both 1984 graduates

of Bay St. Louis Senior High School and both attended Jeff Davis Junior College. Miss Ortiz is employed by Big B Discount Drugs, while Mr. Poyadou is presently employed at the New Orleans Fairgrounds.

The couple will exchange vows Saturday, January 12 at 2 p.m. at Christ Episcopal Church, 912 South Beach Blvd., Bay St. Louis. A reception by invitation will follow at the home of the bride's grandparents, Dix and Anne Ashman, 107 Lafitte Dr., Waveland.

## Teen Board presents fashion show

THREE STYLES—Bold stripes, black lace and a classically styled evening gown are modeled by, from left, Dina Hitt of Our Lady Academy, Julie Ballanco of Archbishop Chappelle High School in New Orleans, La., and Susan Shaw of St. John's High School in Gulfport.

HOLIDAY LOOKS—From left, Eugenie Housey of Ecole Classic in New Orleans, La., and Elizabeth Haas and Monique LeBourgeois of Our Lady's Academy model holiday dresses during a recent fashion show at the Landmark Restaurant. The three girls are members of the Princess Shop Teen Board.

LUNCHEON MODELING—Teen Board models Jamie Town of Our Lady Academy and Kristy Kidd of Bay St. Louis High School stop by a table at the Landmark Restaurant to give customers a closer look at two dresses.

FUR—Connally Compretta of Our Lady Academy models a black pantsuit topped with black fur.

FASHION SHOW—Lawrence Rogers, coordinator for the Princess Shop Teen Board, visits with a spectator.

## Clubs, Auxiliaries

### Hancock Women's Club

Hancock Women's Club will meet at the Gulf National Bank conference room Thursday, Jan. 10 at 10:30 a.m.

Mr. Braumbaugh of E.F. Hutton, New Orleans investment firm will speak on 'Money Management' especially tailored for the homemaker. Members are urged to make a special effort to attend.

## PRC spring registration slated Monday, Tuesday

Registration for the 1985 Pearl River College spring semester will begin Monday and continue through Tuesday.

Registration will be held in the Academic Building in accordance with a published alphabetical listing of freshmen, sophomore and transfer students.

Dr. Willis Lott, director of admissions, said students may register after but not prior to the appointed time.

New and transfer students attending Pearl River College's Spring semester must have an American College Test (ACT) or Test of Adult Basic Education (TABE) on file before registering.

Academic and technical students are required to have the ACT score on file while students entering a vocational program are required to have the TABE.

Pearl River College will administer the ACT on Monday and Tuesday at 8:30 a.m. in room 106 of the Science Building.

The test will also be given Wednesday and Friday, and Tuesday, Jan. 15 at 8:30 a.m. in the PRC Media Center.

The TABE test will be administered at the same times, however, vocational students must report to the Learning Resource Center.

There is no minimum score re-

quired for the ACT except for the Associate Degree Nursing and the Data Processing programs.

Registration will close at 2:15 p.m. Tuesday, and late registration will begin at 8:30 a.m. Wednesday.

Students are allowed to change schedules through Tuesday, Jan. 15. "Registration is a very important aspect of getting off to a good year, and it is necessary that we have a registration schedule to insure an orderly and fair registration system," Lott said.

## Textron promotes executive

John B. Chaplin, vice president of engineering at Bell Aerospace Textron in New Orleans, has been promoted to vice president for development.

Chaplin, a 13-year resident of Covington, La., graduated from Reading University, England in 1949, with a Royal Aeronautical Society graduate degree in aeronautical engineering and pursued advanced studies at the College of Aeronautics and Harvard Business School.

Chaplin began his career at Bell in Buffalo, N.Y. in 1962 and was named program director for surface effect ships.

In 1969, with a company transfer of ACV/SES activity to New Orleans, he was appointed director of engineering, New Orleans Operations and in 1981 was promoted to vice president of engineering.

He led the Bell engineering team that successfully produced the winning design for the first Minesweeper Hunter (MSH) for the U.S. Navy.

Chaplin is also vice president of Bell Helicopter Inc., the manufacturing facility for Bell Aerospace where the Air Cushion Landing Craft (LCAC) are being built for the U.S. Navy, and where the lead ship for the MSH program will be produced.

Chaplin has been associated with the development of air cushion technology since 1957 and was involved in all of the early pioneering work.

He has been a member of the Society of Naval Architects and Marine Engineers Panel Marine Systems-1 (high-speed surface craft) since 1962, and served as a member of the AIAA Technical Committee on Marine Systems since 1968.

## Military Mention

### LCDR GILLIS

In ceremonies at the Construction Battalion Center in Gulfport, LCDR Daniel J. Gillis, assumed command of Coast Guard Reserve Unit, Gulfport. Gillis lives in Gulfport with his wife, Betty, and their four children.

Gillis started his Coast Guard career in 1953 as an electronics technician assigned to various ships and Loran Stations. During the years he advanced to Chief Petty Officer and in 1966 received his Warrant Officer Commission.

He has been assigned many duties while in the reserve program, including training officer, administrative officer and executive officer before being selected for commanding officer.

Gillis is a 1975 graduate of the University of Southern Mississippi with a bachelor's degree in industrial/vocational (electronics). He is currently a technical instructor at Keesler Air Force Base.

## Military Mention

### CAPT. ANTOINE

Vanessa L. Antoine, daughter of Frank E. and Josephine M. Lindsey of 113 College St., Gulfport, has been promoted in the U.S. Air Force to the rank of captain.

Antoine is an operational software section supervisor at Griffiss Air Force Base, N.Y., with the 24th Air Division.

Her husband, Air Force First Lt. Kevin L. Antoine, is the son of Eddie P. and Dorothy L. Antoine of 335 Courtenay Ave., Pass Christian. She is a 1980 graduate of the University of Southern Mississippi, Hattiesburg.

### ADULT EDUCATION

Adult Education classes are being offered at Gulfview Elementary School, Lakeshore; Charles B. Murphy Elementary School, Pearlinton; and Hancock North Central School, Kiln; and City-County Library, Bay St. Louis. The classes are designed to prepare adults for the GED exam. Applicants may enroll at any time during the school year. For information contact Philip Terrell, adult education supervisor, at 533-7872 or 533-7303.

## Story Hour titles listed

The Hancock County Library System offers Story Hour every Thursday at The City-County Library in Bay St. Louis.

Pre-schoolers from ages three to six are invited.

This week's program is about bedtime for young children. "Peace At Last" by Jill Murphy is the first book. "Teddy Bear," a physical ac-

tivity, will be performed between stories. "In The Night Kitchen" by Maurice Sendak, is the second book.

The poem "—Night Fun" will be recited also. The last book to be read will be "There's A Nightmare In My Closet" by Mercer Mayer. The program will conclude with the filmstrip "Good Night Owl."

## ETV second semester begins January 19

The second semester of college credit courses on Mississippi ETV officially begins the weekend of Jan. 19.

ETV will be airing a new course in anthropology as well as rebroadcasting courses in teacher guidance, teaching writing skills and computer literacy. Also, "The GED-TV Series," for persons wishing to brush up on the skills tested on the General Educational Development test, will be rebroadcast.

"Faces of Culture" is introductory anthropology. It covers cultures from all continents, highlights major human subsistence patterns and illustrates human adaptation to environment from the beginning of human history to the present. It can be seen at 2 and 2:30 p.m., Saturdays, beginning Jan. 19. The two weekly lessons will be rebroadcast at 3 and 3:30 p.m., Sundays.

"Dealing with Social Problems in the Classroom" examines a variety of problems that occur in the learning process and suggests methods for dealing with them. This series of teachers and school administrators

can be seen at 3:30 p.m., Tuesdays, beginning Jan. 29. No rebroadcasts are scheduled.

"Teaching Writing: A Process Approach" is a course designed to help teachers help their students improve their writing skills. It presents a five-step model for teaching writing. It can be seen at 3:30 p.m., Mondays, beginning Jan. 28. No rebroadcasts are scheduled.

"The GED-TV Series" is designed to help persons prepare to take the General Educational Development test. Persons who pass the GED test are awarded a High School Equivalency Certificate. Two lessons can be seen weekly: at noon, Mondays and Fridays, with rebroadcasts at 3 and 3:30 p.m., Saturdays. This series begins Jan. 21.

"The New Literacy: An Introduction to Computers" has been described as a "state-of-the-art television series." Its aim is to demystify the computer world. Two lessons can be seen weekly: at 1 and 1:30 p.m., Saturdays, beginning Jan. 19. Rebroadcasts are scheduled for 10 p.m., Tuesdays and Thursdays.

## USM, SBA, CofC sponsoring joint tax plan workshop

The USM/R&D Management Assistance Center will sponsor a Practical Tax Planning workshop Monday, Jan. 14 from 2 to 5 p.m. at Hancock County Chamber of Commerce, 198 US-90, Bay St. Louis.

Designed to provide existing and prospective small business owners with an increased awareness of tax responsibilities, the workshop will offer sessions on tax laws, recent tax changes, self-employment considerations, tax-saving strategies, and other useful tax tips.

Princy Harrison CPA, instructor, School of Professional Accountancy, University of Southern Mississippi, Hattiesburg, will serve as workshop instructor.

Other co-sponsors of the workshop are Mississippi Small Business Development Center, U.S. Small Business Administration, and Hancock County Chamber of Commerce.

The \$15-registration fee includes instruction and seminar materials. Enrollment is limited to 40 participants. Interested persons should contact the Hancock County Chamber of Commerce, Bay St. Louis, Ms. 39520; telephone, (601) 467-9048 or; USM/R&D Management Assistance Center, Gulf Park Campus, Long Beach, Ms. 39560; telephone (601) 865-4578.

**AMERICAN WILDLIFE**—The unusual fishers are among the wild animals featured by Marty Stouffer in the new season of "Wild America" at 8 p.m., Thursdays, beginning Jan. 10 on Mississippi ETV.

## Senior Citizen's Happenings

By Eve McDonald

**Birthday/Games Party**  
We will be having our regular bi-monthly party Monday, Jan. 28 at 1:30 p.m. in our cafeteria. Hope to see all of you at this fun time.

**Christmas Party**  
The Christmas Party was a big success. Everyone had a grand time and the food was good, the music lively, and the weather beautiful. We do appreciate those who added so much to the fun, and those who worked with the staff to serve all of you.

We also appreciate those who provided gifts and prizes. Dot Feahney won the beautiful quilt, Frank Haman won the afghan, and Lorraine Smith won the porcelain doll. We were so happy local people won the prizes this year.

It was very nice of Edmond Fahey Funeral Home to provide Santa for the party. Pat Harvill, Reimann Funeral Home, again provided all of our seniors with Whitman Sampler boxes of candy which are greatly appreciated. Senator Gene Taylor and Terry Ladrner-Seafood donated the oysters.

Peoples Federal Savings and Loan provided two of our cakes, and Security Savings provided a beautiful door prize basket of fruit.

Many of our classes provided other door prizes so we really were able to give out many gifts. Thanks to all who helped.

### Senior ID Cards

We will have the camera outfit to make laminated ID cards for seniors. If you would like a card, please call Rosine Jushaway at 467-9292 for an appointment to get your picture taken for the free card. We have the camera through January.

**Trip to Disney/Epcot**  
Are any of you interested in a bus trip to Disney World/Epcot Center over Mardi Gras weekend? We are getting prices for an intergenerational trip. We will take you and one grandchild if you would like to bring one with you. (One child per two adults).

It will not be necessary to take a grandchild, but they will be invited as it might be the only time we can take young ones. Call the Center if you are interested, 467-9292.

The tentative plans will be as follows:

Leave Bay St. Louis Friday, Feb. 15 at 8 a.m.; return Wednesday, Feb. 20 at 8 p.m.

The cost will be \$445 for a single room, \$325 each for sharing a room, \$285 if there are three in a room, and \$265 each for four in a room. Children 12 and under will only cost \$105.50 each and will include their transportation and three day Disney pass. Their room is free with two adults.

The above cost for adults is also for their room, transportation and pass.

We must have 35 paid reservations by Monday, Jan. 15 to get this trip at this time.

## PUBLIC NOTICES "BECAUSE THE PEOPLE MUST KNOW"

### NOTICE TO CREDITORS

## PUBLIC NOTICES "BECAUSE THE PEOPLE MUST KNOW"

IN THE CHANCERY COURT  
HANCOCK COUNTY  
BAY ST. LOUIS  
MISSISSIPPI 39520  
SUMMONS  
NO. 17,461  
(Service by Publication:  
Residence Unknown)

TO: Wade W. Lane, a non-resident of the State of Mississippi, whose place of residency, post office and street address are unknown after diligent search and inquiry, and if he be dead, his unknown heirs or devisees.

And Any and All Other Persons having or claiming any right, title or interest in the following described property:

All of Block 26, Less Highway 90; E/4 of Pearl Street; Lots 7 through 10 and part of Lot 6, Block 27, all in Favre's Second Addition to Pedington, as shown on the attached plat of J. Roland Weston, dated August 14, 1953.

You have been made Defendants in the lawsuit filed in this Court by Sam Paul Lombardo, Plaintiff, whose address is c/o George H. Lipscomb, Jr., P.O. Box 121, Bay St. Louis, MS 39520.

The Complaint filed against you has initiated a civil action alleging cloud on title and seeking to remove cloud from the title to the said land above described.

You are required to mail or hand deliver a copy of a written answer either admitting or denying each allegation of the Complaint to George H. Lipscomb, Jr., Plaintiff's Attorney, whose address is P.O. Box 121, Bay St. Louis, MS 39520.

YOUR ANSWER MUST BE MAILED OR DELIVERED NOT LATER THAN THIRTY DAYS AFTER THE 20th DAY OF JANUARY, 1985, WHICH IS 21 DAYS FROM THE DATE OF THIS SUMMONS. IF YOUR ANSWER IS NOT SO MAILED OR DELIVERED, A JUDGMENT BY DEFAULT MAY BE ENTERED AGAINST YOU FOR THE MONEY OR OTHER RELIEF DEMANDED IN THE COMPLAINT.

You must also file the original of your Answer with the Clerk of this Court within a reasonable time afterward.

Witness my signature and official seal this 27th day of December, 1984.
